

Creator Nest

Pitch Deck & Architecture Overview

Tech Stack

Frontend Framework: Next.js 16 (App Router) with React 19

Styling & UI: Tailwind CSS v4, Framer Motion for micro-animations

Icons: Lucide React

Design Aesthetics: Cinematic Dark Theme, High Contrast Teal/Orange to ensure maximum accessibility and premium look-and-feel.

Architecture

- **Component-Driven UI:** Modular approach using `src/components/landing`
- **Roles-Based Gateways:** Smart routing for `/join` and `/tools`
- **Dynamic Assets:** Scalable particle effects overlay and performance-optimized rendering
- **Backend Readiness:** UI logic isolated to allow seamless FastAPI/Node integration

Demo Flow

1. **Discovery:** Eye-catching Hero section drawing you in.
2. **Intake:** Specialized Gateways allowing users to select "Brand" or "Creator".
3. **Value Prop:** Presenting the ecosystem showcasing Talent models & Toolkit utilities.
4. **Conversion:** Professional interactive intake forms.

 Fueling creators to become brands

India's Creator Growth Ecosystem.

Original Preview

Unleash your talent. Build high-impact content. Turn your passion into predictable income. Not just an agency — a complete system to grow, monetize, and scale as a creator.
